## Objective

---

To the absolute best of my ability, perform any tasks given to me to ultimately assist in the lab. In return, gain valuable experience and pursue more knowledge in the medical field.

## Skills

---

- Passionate and Motivated
- Sincere and Honest
- Ability to Battle Adversity
- Organized and Goal Oriented
- Hardworking and Selfless
- Brings Contagious Positivity

## Experience

---

### Head Coach of Newport Jr. Knights Football Team

Bellevue, WA — 2018-2019

Was given a great opportunity by my high school head coach to lead his son's team. Scheduled my Autumn classes around practices and commuted back through traffic to coach a group of about 15 wild middle school kids. Passed down as much of my football knowledge as I could, but most importantly instilled life lessons that they can take with them off the field. In return received so much joy and laughter into my heart during a rough patch in my life and gave me an opportunity to be around the game again.

### Key Holding Sales Associate at General Nutrition Center (GNC)

Seattle, WA — 2017-2018

Expanded my previous knowledge of sports nutrition supplements and quickly learned a vast amount of information of dietary herbs and vitamins. Gained valuable retail skills; Very often, worked alone and had to prioritize and multitask while helping each customer in the store. Learned to be proficient in promoting and closing sales of memberships/products in order to satisfy sales quotas. Genuinely cared for each customer that walked in and patiently catered to their needs or lack of by asking open-ended questions. Constantly was moving or doing something, especially while no customers were inside. Cleaned shelves, rotated products, practiced sales pitches, or increased my product knowledge. Of course, was able to open and close the store, make bank trips or handle money, and operate the cash register.

### Football Captain of Newport High School

Bellevue, WA — 2015-2016

Despite the devastation of fracturing my foot during the first game of my Junior season, worked only harder to return both physically and mentally stronger to lead my school back to the playoffs my Senior year. Although being introverted as a football player, my teammates and coaches voted me to be the leader of the "Knight Train" because of my contagious hard work and passion. Initially mostly led by being an example of what it takes for a player to dedicate himself selflessly for the success of the team. Soon had to step out of my comfort zone and learn to inspire my brothers vocally when another season-ending injury (dislocated elbow) caused me to unfortunately lead from the sidelines. Off the field, organized team bonding activities, fundraisers, and optional weekend practices.

## Other Activities

---

- Active Member and Volunteer of Roots Church in Seattle and NEOS College Ministry
- Referee and Flag Football Player for Underdog Sports
- Avid Powerlifter (WA Powerlifting State Champion for 181lb Weight Class in 2015)

## Education

---

### Newport High School - 3.75 cumulative GPA

Bellevue, WA — 2012- 2016
